GCPA Jury Trial – Attorney Wellness Meal Plan
(rev. 8/10/2021)

WHEREAS, jury trials are handled by trial teams which include Assistant Prosecuting Attorneys and Victim Witness Advocates (and may include investigators and paralegals if involved in the trial throughout the day),

WHEREAS, the physical, mental, and emotional demands of a jury trial place great stress upon attorney and trial team wellness, and

WHEREAS, the nature of jury trial work requires attorneys and trial team members to work through meals and beyond normal working hours, and

WHEREAS, eating regularly and healthily during times of such stress is critical to maintaining attorney and trial team wellness and effectiveness,

The Greene County Prosecuting Attorney's Office in collaboration with the Greene County Human Resources Department, shall implement a healthy meal and snack plan for reimbursement through the Midwest Public Risk wellness reimbursement program. This plan shall be implemented as follows:

1. The Victim Witness Coordinator compiles menus from local restaurants that deliver to the court house and provide healthy meal options.
2. Prior to the beginning of the jury trial, the Victim Witness Advocate obtains the trial teams orders for each day of the trial from one of the menus approved by the Victim Witness Coordinator. Obtaining the anticipated orders in advance of the start of the trial is important to reducing both stress and workload of the trial team during the trial.
3. Each day of the trial, the Victim Witness Advocate, obtains the purchasing card from the Victim Witness Coordinator and places the trial team's preplanned lunch order so that the meal will be on hand during the Court's lunch break. (If the trial schedule is such that the attorneys will also be working extended hours through and beyond dinner at the courthouse/office, the same procedure may be followed for the evening meal.)
 - a. Both the detailed receipt and the credit card receipt will be provided by the Advocate to the Victim Witness Coordinator who will then email copies:
 - i. to the Office Manager, Rhonda Ogden, for processing of the credit card bill and charging account line item: 234-23-182-55501 Office Supplies-PA Adm Handling Cost Fund; and
 - ii. to Amanda Corcoran in Human Resources, for reimbursement of the above Admin Handling Cost Fund line item from the MPR Wellness fund.
 - b. Meals purchased under this plan must be below the limits of the County Travel Expense Policies (\$15/lunch and \$30/dinner).
 - c. Trial team members will take care to order healthy meals and drinks to maintain their wellness and effectiveness.
4. The above process may also be used to purchase fruit or other healthy snack options to have on hand during the trial.

Regional Engagement

- Presentations and consultation with State Crisis Intervention Team (CIT) and Ozark Area CIT
- BCC toured by two area police chiefs

Springfield Police Department

- Multiple meetings with SPD leadership regarding utilization and flow
- Initiated ride-alongs across all shifts to learn more about law enforcement needs and to educate officers during patrol briefings
- 96-hour Hold Initiative
- SPD Mental Health Research Workgroup

Greene County Sheriff Department

- Recent meeting and tour with Capt. Lynn and Lt. Strain from GCSD patrol
- To date, have met with Greene County Jail administration, jail psychologist, multiple patrol officers, and the two new Peer Support Diversion Specialists
- Dr. Brad Powers has offered to Capt. Lynn and Lt. Strain to provide “pocket cards” for all patrols as well as complete a 96-hour hold review similar to the initiative completed with SPD. We are excited to partner further with the department.

LAW ENFORCEMENT ENGAGEMENT

Community Cost Avoidance

- We consulted with the author of the Community Cost Avoidance/Savings Report for Sedgewick County (Wichita) as well as multiple other resources on calculating the numbers.
- Most sources stick with a very conservative estimation; meaning they consider only 20-30% of individuals coming to Crisis Stabilization Units would have otherwise presented to area Emergency Departments and jails.
- Based on this model and current cost averages for these services, we can confidently say the Behavioral Crisis Center's Rapid Access Unit saved Greene County \$4.4-6.6M in the first year of operation.

\$4.4
MILLION
saved for our community!
